

NOISE MONITORING REPORT

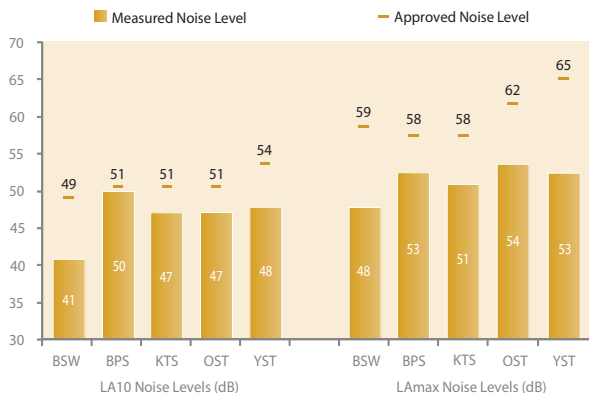

By arrangement with the Department of Environment Regulation, noise levels are monitored by Kalgoorlie Consolidated Gold Mines (KCGM) at five reference locations, to determine compliance against the noise level standards set in the Environmental Protection (Fimiston Gold Mine Noise Emissions) Approval 2009.

Monitoring is performed each quarter during the night time to minimise the sources of contributing noise other than mining (i.e. traffic).

The five reference locations are:

- Barton Street Williamstown (BSW)
- Boulder Primary School (BPS)
- Kalgoorlie Technical School (KTS)
- Outram Street Boulder (OST)
- York Street Boulder (YST)

KCGM QUARTERLY COMPLIANCE MONITORING RESULTS Q1, 2016

KCGM continues to work on reducing the impact of noise from our operation. Further information about our noise management can be found at www.superpit.com.au.

Please contact the KCGM Public Interaction Line on 9022 1100 if you have any queries or concerns regarding noise from our operation.
